Introduction to iLearn

Year 6 Transition
June 2020

Hi Year 6!

We're really looking forward to welcoming you to school and hope that you are excited about coming.

In Year 7 you will be studying iLearn which is something you will not have learnt before. This PowerPoint will give you some idea of what to expect....

Leadership

Organisation

Resilience

Initiative

Communication

Resilience

iLearn is a course designed to develop your Leadership, Organisation, Resilience, Initiative and Communication skills (LORIC).

Leadership

Organisation

Resilience

Initiative

Communication

Initiative

Leadership

Organisation

Communication

We'll start by letting you explore what the LORIC skills actually are, but then you'll have to apply these skills to some Big Challenges.

Some of the things students have done before are:

Leadership

Organisation

Resilience

Initiative

Communication

Run an Enterprise stall at breaktime to see how much they could make £10 grow (and how much money they could make for the school charity).

Create a local history exhibit to display in a museum. So far we've done a pop-up exhibit at The Discovery Museum and a longer-term display at The White Swan Centre.

Plan, write, create and edit a stop-motion animation based on a global issue.

At every stage you will reflect on what you did and how effectively you used LORIC.

You'll have the opportunity to be really creative while developing the skills you will need to be successful both in school and throughout your life.

Leadership

Organisation

Resilience

Initiative

Communication

If you want to have a go at exploring LORIC a bit more before you come to school, you can find a LORIC Challenge on the Year 6 Transition section of the school website.
