1. Introduction

- 1.1 George Stephenson High School operates a Closed-Circuit Television (CCTV) System.
- 1.2 The purpose of this Policy is to ensure that the CCTV system used at George Stephenson High School is operated, used and managed in accordance with the requirements of the Data Protection Act 2018 ('the DPA 2018), of the UK General Data Protection Regulation ("UK GDPR") and includes the principles governing the processing of personal data. It also seeks to ensure compliance with all privacy laws, including the Human Rights Act, the Regulation of Investigatory Powers Act 2000 and reflects best practice as set out in CCTV codes of practice issued by the Information Commissioner and the Surveillance Camera Commissioner.
- 1.3 George Stephenson High School uses CCTV only where it is necessary and proportionate for the following legitimate purposes:
 - protecting school buildings and assets from damage, disruption, vandalism and other crime;
 - to act as a deterrent against crime;
 - promoting the health and safety of staff, pupils and visitors, including for monitoring student behaviour;
 - to support the Police and other law enforcement bodies in the prevention, detection and prosecution of crime;
 - to assist with the identification and apprehension of offenders; and
 - to assist in the investigation of breaches of school policies and codes of conduct by staff, students, and where relevant investigating complaints.
- 1.4 This policy will be reviewed annually by the Governing Body to assess compliance with paragraphs 1.2 and 1.3 and to determine whether the use of the CCTV system remains justified, necessary and proportionate.
- 1.5 In addition, changes to legislation, national guidance, codes of practice or commissioner advice may trigger interim reviews.

2. Scope

- 2.1 This policy and the procedures therein detailed apply to all of our overt CCTV systems including Automatic Number Plate Recognition (“ANPR”) Licence Plate Recognition Cameras (“LPR”), webcams, and any other overt system capturing images of identifiable individuals for the purpose of viewing and or recording the activities of such individuals.
- 2.2 This policy applies to all staff, contractors and agents who operate, use or supervise the operation of, the CCTV system.
- 2.3 This policy must be read in conjunction with the school’s:
 - Data Protection Policy
 - Safeguarding Policy
 - Freedom of Information Policy
 - Personal Data Breach Policy
 - Data Protection Impact Assessment Policy and Procedure

3. Roles and Responsibilities

- 3.1 The Governing Body of George Stephenson High School has overall legal responsibility for this policy but the Assistant Headteacher (Data) has delegated day-to-day responsibility for overseeing its implementation to the staff identified in this policy. All relevant members of staff have been made aware of the policy and have received appropriate training.
- 3.2 The Headteacher or designated persons is responsible for:
 - 3.2.1 ensuring that the CCTV system including camera specifications and locations for new and existing installations complies with the law and best practice referred to in clause 1.2 of this policy. Where new surveillance systems are proposed, the Headteacher will consult with the Data Protection Officer to determine whether a Data Protection Impact Assessment is required in accordance with the requirements of UK GPDR.
 - 3.2.2 the evaluation and chosen location where live and historical CCTV recordings are made available for viewing.
 - 3.2.3 Ensuring access to the CCTV system is restricted to authorised staff only.
 - 3.2.4 Ensuring a record is kept of all access to the CCTV system via an electronic log.
 - 3.2.5 Ensuring a record is kept of disclosures of any CCTV images and recordings stored in the system to data subjects and/or third parties.
 - 3.2.6 Ensuring all CCTV images and recordings stored on removeable media such as DVD, CD, tapes etc, are held in a secure location, with access to the removable media restricted to authorised staff only.
 - 3.2.7 Ensuring that CCTV images and recorded footage stored on DVD, CD, tapes are not duplicated for release / disclosure.
 - 3.2.8 Ensuring that the disclosure of any recorded CCTV material to data subjects and third parties is done so in compliance with this policy;
 - 3.2.9 Ensuring that CCTV images and recordings are stored for a period not longer than 16 days and are then overwritten unless required as part of a criminal investigation or court proceedings (criminal or civil) or other bona fide use as approved by the Headteacher or delegated persons.
 - 3.2.10 Ensuring that when a zoom facility on a camera is being used, there is a second person present with the operator of the camera to guarantee that there is no unwarranted invasion of privacy.
 - 3.2.11 Ensuring that all access to the CCTV system and the cameras is only used to monitor suspicious behaviour, criminal damage etc. and not to monitor individual characteristics.

- 3.3 Only the school's appointed contractor for the CCTV system is authorised to install, service and/or maintain it.
- 3.4 Changes in the use of the CCTV system can be implemented only by the Headteacher or delegated persons in consultation with the Data Protection Officer.
- 3.5 The Data Protection Officer is responsible for monitoring this policy and for providing data protection advice and guidance.

4. System Description

- 4.1 The CCTV system covers:
 - building entrances,
 - school car parks,
 - reception,
 - some perimeters,
 - external areas including school yard,
 - internal areas such as some corridors, social spaces, and rooms with high value equipment,

The CCTV System continuously record activities in these areas 24 hours a day, seven days a week.

- 4.2 The fixed location and positioning of CCTV cameras is chosen to minimise viewing of spaces not relevant to the legitimate purpose of the monitoring. The school make every effort to locate and position CCTV cameras so that their coverage is restricted to the school site, which includes both indoor and outdoor areas. As far as practically possible, CCTV cameras will not focus on private homes, gardens or other areas of private property.
- 4.3 CCTV Cameras are not installed in areas in which individuals would have an expectation of privacy such as toilets, showers and changing facilities.
- 4.4 CCTV cameras are installed in such a way that they are not hidden from view.
- 4.5 The school will perform a Data Protection Impact Assessment when installing new fixed, or moving existing fixed, CCTV cameras to consider the privacy issues associated with using new and alternative camera locations and positions, to ensure the use continued use of the CCTV system is necessary and proportionate to address the legitimate purpose(s) set out at paragraph 1.3.
- 4.6 The CCTV system does not have sound recording capability.
- 4.7 CCTV Signage is prominently displayed across the site, both indoors and outdoors, so that staff, students, visitors and members of the public are made aware that they are entering an area covered by CCTV. The signage contains the contact details for the school together with a description of the purposes for which CCTV is used and a contact telephone number.
- 4.8 The contact telephone indicated on the CCTV signage is available to members of the public during normal school hours. Employees staffing the contact telephone number point must be familiar with this policy and the procedures to be followed in the event that an access request is received from a Data Subject, the Police or any other third-party organisation.

5. Covert recording

- 5.1 Covert recording (i.e. recording which takes place without the individual's knowledge):
- 5.1.1 may only be undertaken in exceptional circumstances, for example to prevent or detect an unlawful act or other serious misconduct, and if is proportionate i.e. there is no other reasonable, less intrusive means of achieving those purposes;
 - 5.1.2 may not be undertaken without the prior written authorisation of the Headteacher. The Headteacher will consult with the Data Protection Officer before undertaking any covert recording. All decisions to engage or refuse in covert recording will be documented, including the reasons;
 - 5.1.3 will focus only on the suspected unlawful activity or suspected serious misconduct and information obtained which is not relevant will be disregarded and where reasonably possible, deleted; and
 - 5.1.4 will only be carried out for a limited and reasonable period consistent with particular purpose of the recording and will not continue after the investigation is completed.

6. Operating Standards

- 6.1 The operation of the CCTV system will be conducted in accordance with this policy.
- 6.2 No unauthorised access to the CCTV system will be permitted at any time.
- 6.3 Other than the Headteacher, access to the CCTV system will be limited to:
- persons specifically authorised by the Headteacher;
 - The Data Protection Officer
 - authorised maintenance engineers;
 - police officers where appropriate; and
 - any other person with statutory powers of entry
- 6.4 CCTV Monitors are not visible from outside the rooms where they are located. These locations are; Site Manager office, IT Manager office, Server Room, and Deputy Headteacher Offices. The location of CCTV monitors has been chosen to ensure images displayed are not visible to pupils, unauthorised staff, visitors and members of the public.
- 6.5 Before permitting access to any part of the CCTV system, the Headteacher or delegated persons will take all necessary steps to verify the identity of any visitor and establish the existence of the appropriate authorisation. All visitors are required to complete and sign the visitors' log, which includes details of their name, department and/or the organisation that they represent, the name of the person they are visiting and the reason for the visit.
- 6.6 An electronic CCTV access log is maintained and securely shared only with those staff who have permission from the Headteacher to use it. The log includes the following information:
- person reviewing recorded footage;
 - time, date and location of footage being reviewed;
 - purpose of reviewing the recordings;
 - details of what was reviewed;
 - details of any external agencies with whom the footage has been shared (if applicable).

- 6.7 CCTV images and recordings will be displayed only to persons authorised to view them or to persons who otherwise have a right of access to them. Where authorised persons access or monitor CCTV images on workstation desktops, they must ensure that images are not visible to unauthorised persons for example by minimising screens when not in use or when unauthorised persons are present. Workstation screens must always be locked when unattended.
- 6.8 Images produced by the recording equipment must be as clear as possible, so they are effective for the purpose for which they are intended. The standards to be met in line with the codes of practice referred to paragraph 1 of this policy are set out below:
- recording features such as the location of the camera and/or date and time reference must be accurate and maintained;
 - cameras must only be situated so that they will capture images relevant to the purpose for which the system has been established;
 - consideration must be given to the physical conditions in which the cameras are located i.e. additional lighting or infrared equipment may need to be installed in poorly lit areas;
 - cameras must be properly maintained and serviced to ensure that clear images are recorded, and a log of all maintenance activities kept; and
 - as far as practical, cameras must be protected from vandalism in order to ensure that they remain in working order. Methods used may vary from positioning at height to enclosure of the camera unit within a vandal resistant casing.

7. Retention of images

- 7.1 CCTV images are not to be retained for longer than necessary, taking into account the purposes for which they are being processed. Data storage is automatically managed by the CCTV digital records which overwrite historical data in chronological order to produce 16 days rotation in data retention.
- 7.2 Provided that there is no legitimate reason for retaining the CCTV images (such as for use in disciplinary and/or legal proceedings), the images will be erased following the expiration of the retention period.
- 7.3 All retained CCTV images and recordings stored on removeable media will be stored securely, with access restricted to authorised staff only.

8. Data Subjects Rights

- 8.1 Recorded images of (identifiable) individuals are personal data of the individuals (Data Subjects) whose images have been recorded by the CCTV system.
- 8.2 Data Subjects have a right of Access to the personal data under the DPA 2018 and UK GDPR. They also have other rights under the DPA 2018 and UK GDPR in certain limited circumstances, including the right to have their personal data erased, rectified, to restrict processing and to object to the processing of their personal data.
- 8.3 Requests by Data Subjects for CCTV images and recordings relating to themselves (Subject Access Request) should be submitted in writing to the school together with proof of identification.

- 8.4 In order to locate the images on the CCTV system, sufficient detail must be provided by the data subject in order to allow the relevant images to be located and the data subject to be identified.
- 8.5 Where the school is unable to comply with a Subject Access Request without disclosing the personal data of another individual who is identified or identifiable from that information, it is not obliged to comply with the request unless satisfied that the individual has provided their express consent to the disclosure, or if it is reasonable, having regard to the circumstances, to comply without the consent of the individual.
- 8.6 The school will respond to a Subject Access Request within one month of receiving the request. This includes a request received in school during school holidays.
- 8.7 The period for responding to the request may be extended by two further months where necessary, taking into account the complexity and number of the requests. The school will notify the Data Subject of any such extension within one month of receipt of the request together with the reasons for this.

9. Access to and disclosure of images to third parties

- 9.1 A request for images made by the Police or a third-party organisation, for example an Insurance company, should be made in writing to the school. The school will consult with its Data Protection Officer in relation to any request received from the police or a third-party organisation.
- 9.2 Legal representatives making subject access request on behalf of a Data Subject will be required to submit a letter of authority to act on behalf of the Data Subject together with the evidence of the Data Subject's identity, the reason(s) for the request, and the lawful authority under which the request is being made.
- 9.3 In limited circumstances it may be appropriate to disclose CCTV images and recordings to a third party, such as when a disclosure is required by law, in relation to the prevention or detection of crime or in other circumstances where an exemption applies under relevant legislation, such as for safeguarding purposes. Safeguarding always takes priority over UK GDPR compliance where the two are in conflict (see Safeguarding Policy).
- 9.4 Such disclosures will be made at the discretion of the Headteacher or delegated persons, with reference to relevant legislation and where necessary, following advice from the school/academy's Data Protection Officer.
- 9.5 Where a suspicion of misconduct arises, the headteacher may provide access to CCTV images for use in staff disciplinary cases. The Headteacher will consult with the Data Protection Officer in relation to requests for CCTV images and recordings required for staff or student disciplinary purposes or complaints.
- 9.6 The Headteacher or designated persons may provide access to CCTV images to Investigating Officers when sought as evidence in relation to student discipline cases.
- 9.7 Every request to view or disclose CCTV images and recordings is recorded using the electronic CCTV access log and will itemise the date, time, requestor, authoriser and reason for the disclosure.

10. Complaints

- 10.1 Any complaints relating to the operation, use and management of the CCTV system should be in writing to the Data Protection Officer at the following address:

Data Protection Officer: Judicium Consulting Limited

72 Cannon Street, London, EC4N 6AE

Email: dataservices@judicium.com

Web: www.judiciumeducation.co.uk

Telephone: 0203 326 9174

- 10.2 A complaint will be responded to within a month following the date of its receipt. Records of all complaints and any follow-up action will be maintained by the Data Protection Officer

11. Policy Review

- 11.1 This policy will be reviewed annually by the Governing Body to assess compliance with paragraphs 1.2 and 1.3 and to determine whether the use of the CCTV system remains justified, necessary and proportionate.
- 11.2 In addition, changes to legislation, national guidance, codes of practice or commissioner advice may trigger interim reviews.
